Houston Gun Collector's Association Houston Gun Show

Vendor Ammunition Rules

All modern ammunition sold will be of commercial "domestic" manufacture.

All ammunition will be sold in manufacturers' original packaging and will be sealed closed while on the table and at the time of sale.

[A box is considered "sealed" by either taping the box closed or wrapping the box in shrink-wrap type material.]

A representative round of ammunition from a displayed box may be taped or shrink-wrapped on top of the box to illustrate the contents of a box or displayed in a separate secured case.

All collectible ammunition will be packaged in sealed containers that are not readily opened. Stapled zip-lock and similar type bags and shrink-wrapping are acceptable.

Loose (single and unboxed) ammunition will be allowed on a table only if it is collectible ammunition and secured either in a glass case, bottle, or stapled zip-lock or similar bag.

Reloaded ammunition is not acceptable and will not be sold, traded, or exchanged.
Custom ammunition offered for sale must come from a business properly licensed to manufacture custom ammunition. Any ammunition not meeting the above standards will be removed from the exhibit hall immediately.
Vendors may be removed and, upon removal, will forfeit tables and rental monies for failure to comply with these rules. No ammunition is to be placed in any firearm, clip or belt at any time during the show.

I agree to abide by all federal, state, and local laws and to follow all hosting facility safety rules and HGCA Gun Show Rules at all times while participating as an exhibitor in the Show. I further agree that I contractually assume all risks of injury or damage to me arising from my participation in the Show. I represent that I am aware of the risks of injury or damage that may arise from participation in the Show and that I have knowingly and voluntarily chosen to assume those risks.
